

Do Dang Chien

Dong Da Ward • Hanoi, Vietnam • Chien.DD2516966@sis.hust.edu.vn • 0374057428

Education

Hanoi University of Science and Technology (HUST)

BSc in Information Technology (Global ICT). 3.67/4.0

Data Structures and Algorithms: A (8.6/10)

Linear Algebra: B+ (8.25/10)

Hanoi, Vietnam

5/2029 (Expected)

Foreign Language Specialized School (FLSS)

English Major. GPA 9.4/10

Hanoi, Vietnam

5/2025

Experience

Hanoi University of Science and Technology (HUST)

Academic Project: Electronics for Information Technology

Hanoi, Vietnam

4/2026 – 7/2026

- Developed and implemented a Particle Swarm Optimization (PSO) metaheuristic algorithm in Python to optimize electronic component configurations.
- Maximized the achievable signal rate at the user's end, attaining a 97.8% accuracy rate compared to a theoretical ideal non-physical Intelligent Reflecting Surface (IRS).
- Debugged complex logic, managed multithreaded processing, and fine-tuned system hyperparameters to enhance model efficiency.

Leadership & Activities

Truong Tun Debate Organization

Teacher in Collaborate Writing / Teaching Assistant in Debate / Tutor

Hanoi, Vietnam

5/2026 - now

- Analyzed student texts to identify and correct complex syntactic errors, focusing on sentence boundary disambiguation, optimal clause structuring, and grammatical cohesion.
- Evaluated and enhanced the semantic clarity of argumentative essays by guiding students to transition from informal language to precise, domain-specific academic vocabulary.
- Assessed the rhetorical structure and macro-level coherence of written arguments, providing targeted feedback on logical flow, contextual framing, and argument resolution.
- Implemented an AI-assisted grading workflow, leveraging LLMs for initial syntactic and grammatical error detection while maintaining manual oversight to evaluate deep semantic logic and rhetorical nuance.

Skills & Interests

Languages: Python, C/C++.

Libraries & Frameworks: NumPy, Pandas, TensorFlow, PyTorch, Scikit-Learn.

Tools & Environments: Google Colab, Kaggle, Anaconda, Jupyter Notebook, Git.

Languages (Foreign): English (IELTS 7.5)
